Personalità eclettica → Più che un modello, un progetto di sedia impilabile che può prendere le forme più diverse, variando gli elementi, i materiali e le finiture che la compongono, per sintonizzarsi ogni volta con uno stile diverso. Dagli ambienti classici alle situazioni contemporanee, dal glamour al minimal, dalla casa al contract, fino alle soluzioni più anticonvenzionali e lussuose. **Eclectic personality** → More than a model, a design of stackable seat that can take a wide variety of forms, by varying the elements, materials and finishes to suit different styles time and again. From classic settings to contemporary spaces, from the glamorous to the minimalist, from homes to contract, to the most unconventional and luxurious of solutions.
